2. Check or uncheck the boxes next to **"Add to my Profile"** and **"Share to my newsfeed"** as desired

3. If adding to your profile, click "Share to LinkedIn" a **blank LinkedIn form will appear on another tab** within your browser once you click the "Share to LinkedIn" button at the bottom of your screen

The screenshot shows a modal window titled "Add licenses & certifications" with a close button (X) in the top right corner. The form contains the following fields and options:

- Name \***: A text input field with the placeholder text "Ex: Cisco Certified Network Associate Security (CCNA)".
- Issuing Organization \***: A text input field with a small icon on the left and the placeholder text "Ex: Cisco".
- ☐ **This certification does not expire**: A checkbox option.
- Issue Date**: Two dropdown menus, one for "Month" and one for "Year".
- Expiration Date**: Two dropdown menus, one for "Month" and one for "Year".
- Credential ID**: A text input field.
- Credential URL**: A text input field.

4. Go back to the Acclaim tab in your browser and **click the "Copy" button** next to "Certification Name". A green check mark will confirm that the information was copied.

5. Switch back to your LinkedIn tab and **paste the information** into the "Certification Name" field

6. Continue copying the information on the Acclaim tab and pasting into the LinkedIn form until all relevant information has been added.

7. You will need to choose the dates based on the information included on the Acclaim share page under "Time Period".

## 8. Click **Save**

Once you have successfully shared your badge, it will appear in the **Licenses & Certifications section on your profile**. As you can see, the badge image does not display in the Accomplishments section of the profile. LinkedIn chooses to show the company logo of your badge issuer instead. Viewers can click on the "See certification" button to view more details on Acclaim.
